Location

Atlantic City, NJ

H&K Company

Haines & Kibblehouse, Inc., Philadelphia, PA

Client

IEP AC Plaza, Inc., Atlantic City, NJ

Project Info

This project was as high profile as they come for anyone in the demolition industry. This job included all aspects of multiple demolition jobs rolled into one.

- Interior demolition of over one million square feet of building
- Conventional demolition of over 500,000 SQ Ft of building
- Utilizing multiple size cranes for pedestrian bridge demolition
- Hand demolition to separate from adjacent properties
- Implosion of a 350' hotel tower
- Clean up of all debris
- Crush concrete down to specification and backfill

All project work was completed in the tight working conditions of a surrounding casino, historic Boardwalk Hall and an open boardwalk at the Jersey Shore. The project was also under State Supreme Court and City mandates. It was made more complicated by COVID-19, area protests, constant press inquiries, political concerns and tight schedule requirements. Most importantly, the job was completed safely and on time.
