## **LEHIGH VALLEY SITE CONTRACTORS' LIBERTY AT MILL CREEK PROJECT BRINGS HOME TWO EAGLES**

Skippack, PA – On the evening of November 16<sup>th</sup>, [Lehigh Valley Site Contractors \(LVSC\)](#) was a *Merit Award Winner and Excellence Award Winner* at [Associated Builder and Contractors, Inc., Eastern PA Chapter's \(ABC's\) 27<sup>th</sup> Anniversary Merit Construction Awards of Excellence Gala](#) held in Norristown, PA. LVSC received the two coveted “Eagle Awards” in ABC’s Heavy Construction, over \$10 Million category and Heavy Construction – Infrastructure/Industrial category.

Known as “Liberty at Mill Creek” project, this project has been hailed as one of the Lehigh Valley’s landmark civil contracting projects. This project was contracted through Allied Building Corporation of Bethlehem, PA and constructed for owner, Liberty Property Trust also of Bethlehem, PA. LVSC formally submitted the project for entry into ABC’s Awards of Excellence Competition on July 28, 2017 along with many of Eastern PA’s finest contracting and construction related projects and participating ABC companies.

The completed Liberty at Mill Creek Highway Occupancy Permit (HOP) and Sitework Projects were necessary and extremely vital components to the broader Liberty at Mill Creek Site Development Project. Located in Upper Macungie Township, Lehigh County, PA, the HOP side of the project was complex in that it included both PennDOT jurisdictional roadways as well as local arterial roadways from two separate municipalities. The sitework part of the project allowed LVSC to work in a design-build capacity with Liberty Property Trust, Allied Building Corporation and Barry Isett & Associates to dial-in a tremendously successful project. Given LVSC’s design-build capacity they were able to work through the complex plan and sequence changes as well as accelerated schedule changes with relative ease.
